# Eiffel Basic

## Compact pedestal for the Tethered Pulsar Charger Family

The Eiffel Basic pedestal is available in two versions for mounting one or two tethered chargers from the Wallbox Pulsar charger family on a self-made concrete base. The Eiffel Basic is particularly recommended for enclosed car parks on private properties and residential complexes.

### ROBUST & DURABLE

Crafted from sturdy aluminium body with a stainless steel base plate, the Eiffel Basic pedestal is built for exceptional resilience. With IK10 impact protection, it's engineered to withstand even the harshest environmental and weather conditions, making it perfect for outdoor installations.

### ACCESSORY OPTIONS FOR ENHANCED FUNCTIONALITY

Our Rain Cover, Cable Dock and Cable Holder enhance your installation with added weather protection and organized cable management.

### PRODUCT HIGHLIGHTS

- Constructed from high-quality, weather-resistant materials

- Seamless compatibility with all tethered chargers from the Wallbox Pulsar family

- Stylish solution for stand-alone charging stations at any site without wall mount option
