

Eiffel adapter plate

For installing a Pulsar Socket version charger

The Eiffel adapter plate for Socket Version allows any Pulsar Socket charger to be mounted on either the front or rear of the Eiffel pedestal. Two adapter plates are required to install two Pulsar chargers on a single pedestal. Made of galvanized steel, the adapter plate is designed for easy attachment to the pedestal frame using the supplied screws. To install the charger, simply secure the wall bracket (included with the charger) to the adapter plate.
